Study news

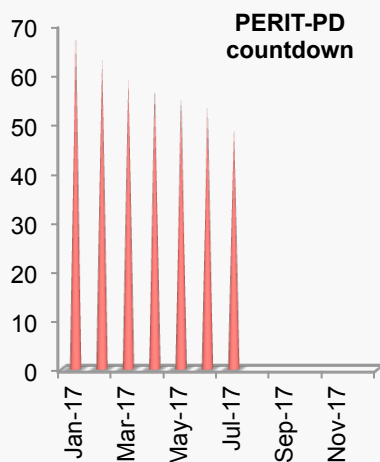

PERIT-PD IS EXTENDED!

Following a review of the recruitment numbers so far this year and considering that another 49 samples need to be collected to reach our target number, it has been decided to extend the study for another year until 31/12/18.

We would be very grateful and hope that your site will be able to continue participating in the study. Thank you for your continuing support.

Help us reach our 400 Target
